

# Vega-Flexi

**Part No.** VFL-8.3

**Product** Vega-Flexi™ LED Strip

- Features**
- SMD 3528 LEDs with a pitch of 8.3mm pitch (120 LEDs per metre)
  - Custom lengths up to 5 metres (25mm PCB segment length)
  - Various colour temperature options
  - Life Expectancy of 50,000 hours (2 year warranty)
  - IP68 Protection with PVC casing and internal epoxy fill
  - Bending radius of approx. 350mm in plan.
  - Optional white or brown PCB
  - 120° beam angle

LED Spacing

8.3 mm

Rating

IP68

Power Consumption

9.6 watt/m

Lumen Output

780 lm  
(@5500°K)  
720 lm  
(@3000°K)

Voltage DC

12V  
24V

**Part No.** VFL-12.8

**Product** Vega-Flexi™ LED Strip

- Features**
- SMD 3528 LEDs with a pitch of 12.8mm pitch (78 LEDs per metre)
  - Custom lengths up to 5 metres (38.5mm PCB segment length)
  - Various colour temperature options
  - Life Expectancy of 50,000 hours (2 year warranty)
  - IP68 Protection with PVC casing and internal epoxy fill
  - Bending radius of approx. 350mm in plan.
  - Optional white or brown PCB
  - 120° beam angle

LED Spacing

12.8 mm

Rating

IP68

Power Consumption

6.24 watt/m

Lumen Output

507 lm  
(@5500°K)  
468 lm  
(@3000°K)

Voltage DC

12V  
24V

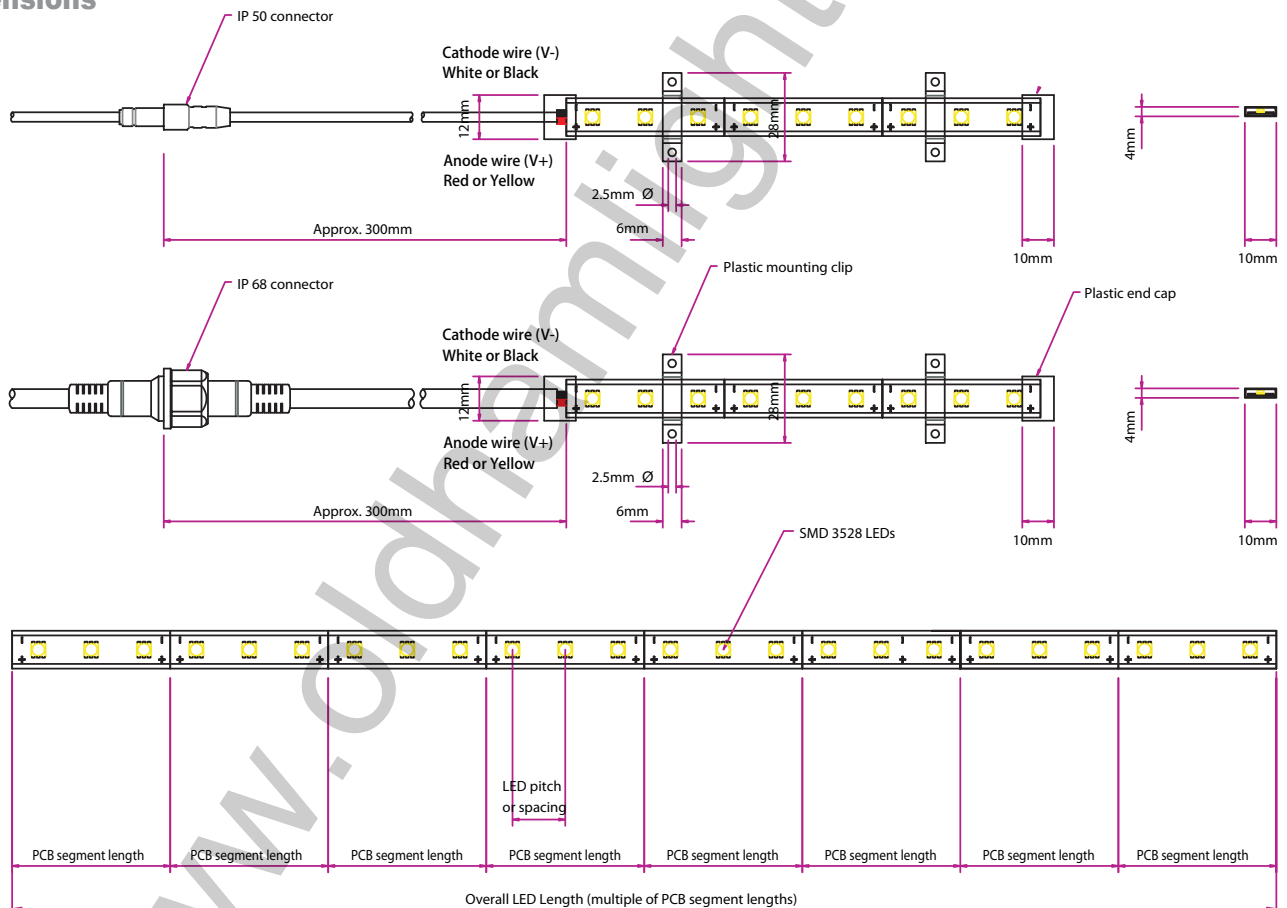

Part No. **VFL-16.7**

Product **Vega-Flexi™ LED Strip**

- Features
- SMD 3528 LEDs with a pitch of 16.7mm pitch (60 LEDs per metre)
  - Custom lengths up to 5 metres (50mm PCB segment length)
  - Various colour temperature options
  - Life Expectancy of 50,000 hours (2 year warranty)
  - IP68 Protection with PVC casing and internal epoxy fill
  - Bending radius of approx. 350mm in plan.
  - Optional white or brown PCB
  - 120° beam angle

LED Spacing	Rating	Power Consumption	Lumen Output	Voltage DC
16.7 mm	IP68	4.8 watt/m	390 lm (@5500°K) 360 lm (@3000°K)	12V 24V
